

Here to help you make smart storage product selections

With the summer lull behind us, we thought now would be a great time to get in touch and remind you what Action Storage can do to help in the run up to Christmas.

Whether it's choosing the right shelving, getting orders to you at short notice or assisting in getting them installed, there are many ways in which we can make life easier.

Making smart product choices

With so many different lockers, shelves and storage combinations to choose from, we can appreciate how bewildering picking out the right stock can be.

In a fast moving industry, you need to know the answers to a lot of questions, such as:

- Are more schools installing cycle shelters?
- Which lockers are popular with leisure centres?
- What types of shelving are best for high street retailers?

This is why our friendly, knowledgeable sales and customer support teams are only too happy to offer advice on the best items to pick. They can provide you with insight on many aspects of the storage industry, such as which shelves are popular with clothes shops, the best locker combinations and which ranges are likely to be in demand.

You can call or email us at anytime to pick our brains, because we want you to be stocking the best products and making the maximum profit.

The latest lockers and shelving at the best prices

We understand how important it is to be able to offer your customers the most innovative, modern and high quality products. So we're constantly expanding our range to include the latest ranges available, and at the best prices.

You can easily search through our entire range on our [regularly updated website](#), where you'll also find detailed descriptions and customer reviews to help you make up your mind. Whilst visiting, why not sign up for updates on our special offers and order your own copy of our bright, colourful catalogue (totally free of charge of course).

Times are tough for everyone at the moment, and we want to do what we can to help you through this difficult period. So we're constantly monitoring our prices to make sure they're as competitive as possible, and helping you to make savings wherever you can.

Fast delivery and quick installations

Matt Ambrose – *The Copywriter's Crucible*

Email: matt@copywriterscrucible.com

Thanks to our cavernous warehouse in Milton Keynes, we can offer super fast 5-7 day deliveries on all stock items. So should you receive an urgent order for 100 staff lockers for the new wing at your local hospital there's no need to panic, because we can get them delivered quickly and keep your customers happy.

We can help you in other ways too.

Should you need help fitting out a shop, warehouse or any storage area, we can send our installation team along to make sure everything gets connected in the right place, stood the right way up and assembled safely.

And should your customers ever need advice on maximising their storage space, we can help with that as well. Our design service team can visit their premises to draw up plans and offer recommendations on making the best use of their area (using Action Storage products of course). Our plans often result in cost savings for the customer, so everyone wins.

When can you visit?

Our showroom doors are open for whenever you'd like to visit us in Milton Keynes and test out some of our lockers for yourself. And whilst you're here, we'd love to sit down for a cuppa and a chat to discuss how we can help you in the future.

So, we'd just like to sign off by thanking you for your continued support and business, and we're waiting for you to call so we can offer you some advice on making smart storage product selections.

P.S. You can view the entire Action Storage range of lockers, shelving and storage systems on our regularly updated website: www.action-storage.co.uk. Should you require any advice on which items to stock then please get in touch to speak to a member of our knowledgeable customer support team who'll be happy to help.

P.P.S. Whether it's storage industry insight, getting stock at short notice or assistance getting equipment installed, there are many ways in which Action Storage can help your business. You only need to ask.
