## Your Local Computer Support Service

Serving home workers and small businesses in the Buckingham area, Stockholt Computer Services are your local on demand IT support helpdesk.

Computer running slow? Broadband signal weak? Employee left with all your passwords? Hard drive kaput? Lightning damage?

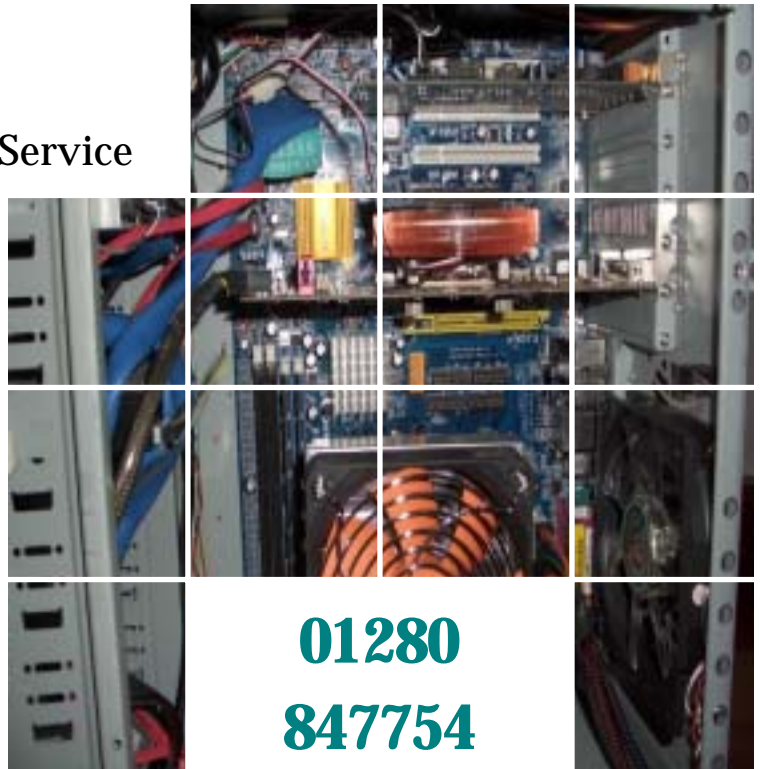

Whatever the problem - we can visit your premises and get the issue resolved promptly and efficiently.

Working from home shouldn't mean being crippled without an IT helpdesk. We are only a phone call away, and will visit your premises to diagnose and then resolve the issue for you.

Wireless networks can be tricky to set-up; ensuring they are secure is crucial. What would you do in the event of an attack? Do you automatically backup all your important data? We provide the expertise to ensure your networks are secure, and that you have the systems in place to recover from any disaster.
